Product Certification Services

The detailed composition of below mentioned formulation has been disclosed to **RCC Product Certification Services** by **Balzers AG, FL-9496 Balzers, Fürstentum Liechtenstein** with letter of June 26, 2001.

The coatings are considered as ceramic material and were evaluated accordingly ¹⁾. Based on our investigations we can confirm that

Balinit Futura (TiAlN)

under technically acceptable conditions does not release elements into food at concentrations which may endanger human health, and may therefore be used in contact with food in the following countries:

Austria / Belgium / Denmark / EU¹⁾ / Finland / France / Germany / Greece / Iceland / Republic of Ireland / Italy / Luxembourg / The Netherlands / Norway / Portugal / Spain / Sweden / Switzerland / United Kingdom

Please note: This certificate is limited to the formulation disclosed to RCC as mentioned above. Any change of the formulation will void the certificate automatically. Any changes in this formulation must be addressed to RCC immediately.
